Section 3: Notification of relevant authorities – State Government

Persons or authorities required to be notified as per Part 5.7A of the POEO Act in the case of a pollution incident that causes or threatens to cause material harm to the environment have been identified and listed below.

Relevant authorities include:

Fire & Rescue NSW / Rural Fire Service	Contact number/s:	1300 729579
EPA	Contact number/s:	131555
NSW Health	Relevant Area Health Service Officer:	Tabitha Holiday (Enviro Hlth) 0407 060237
	Contact number/s:	1300 066055
SafeWork NSW	Contact number/s:	1310 50

Notification of relevant authorities – Local Government

Local authority/s <i>Shire Council</i>	Contact number/s:	BH 02 48 234409 AH 0248 234500 council@goulburn.nsw.gov.au
Identify the local authority for the area in which the premises to which the environment protection licence relates, and any area, is affected, or potentially affected, by the pollution.		

Section 9: Communicating with neighbours and the local community

The mechanisms for providing early warnings and regular updates to owners and occupiers of premises in the vicinity of the premises to which the licence relates or where the scheduled activity is carried out are detailed below.

In the event of a pollution incident the names and contact details of the owners and occupiers of land in the vicinity of the premises to which the licence relates (or where the potential operational hazards are carried out) can be found in Appendix A. The owners and occupiers of the premises found in Appendix A will be contacted as soon as practical in case of a pollution incident. Early warnings and regular updates in relation to a pollution incident will be provided and may include the following communication mechanisms:

- Social media networks;
- Telephone calls;
- Letterbox drops;
- Doorknocking; and
- Emails.

Furthermore, appropriate information regarding how the affected community should respond to the incident will be clearly communicated. In case of an effluent spill and potentially contaminated run-off being discharged to the local water ways warning messages may include instructions to avoid the use of water in channels, creeks and rivers affected, or likely to be affected.
